

## Safety Committee

A Safety Committee is a joint committee made up of worker and employer representatives working together to identify and resolve safety and health problems at the place of employment. It is an organizational unit that can coordinate health and safety activities and monitor the status of the health and safety program.

Employees at all levels must be involved in the structure and operation of the safety and health program and in the decisions that affect employee health and safety.

Local Safety Committees:

- assist in creating a safe and healthy workplace,
- recommend actions that will improve the effectiveness of the safety and health program

The following members are appointed for Safety Committee. The main purpose of safety committee is facilitation of health and safety standards, processes and procedures which result in improved safety of students and staff.
